

# Year 1

Hi everyone,

Hope you are all well?

Well done to you all for adapting to this new way of learning at home.

We have enjoyed our topics in Cycle 3 and have had lots of fun with our learning. We especially enjoyed learning about the Seasons and different types of weather.

**In this Cycle Year 1 will be learning about some new exciting topics...**

**In English** we will be reading the story Jack and the beanstalk and using this story to write our own versions. I will be sending information about this soon.

I will keep sending out spellings and other English activities each week.

Practise your handwriting too. Choose 3 letters a week to practise.

I will continue to send out links to phonics and will be sending some spellings too.

**In Maths** we will be learning about the following:

- ✚ Place value
- ✚ Addition
- ✚ Subtraction
- ✚ Multiplication
- ✚ Division
- ✚ Shape and measures
- ✚ Time
- ✚ Fractions

## Science

In Science our topic will be Plants and this links to our English work on Jack and the beanstalk. I will plant some broad bean seeds and some cress then we can observe how they grow. I will send videos and photos.

**In History** we are learning all about the Seaside in the past. We will be looking at how the seaside has changed.

## Art and Design Technology

There are lots of drawings and lovely art activities that we can do with these topics that I will be sending out over the next few weeks. You might find some of your own too.

Please Email any of your work and I will forward to seeing it soon.

Stay home and stay safe.
